FAMILY LEARNING INSTITUTE'S UNIQUE PROCESS

ENROLL

We enroll approximately 160 2nd-5th graders every year, referred by teachers and parents.

TEST

An FLI educational specialist tests every child to identify specific areas needing improvement.

ASSIGN TUTOR

We create an individualized program for each student, based on how they learn and where they need to improve.

TUTOR

The assigned volunteer tutor works one-to-one with the same student throughout the school year.

MONITOR

We monitor progress and adjust each student's program as needed.

TEST

We test each student at the end of the school year to measure growth. **ON AVERAGE, 85% OF STUDENTS IMPROVE AT LEAST ONE GRADE LEVEL.**

WHAT WE DO

- More than **200 volunteers** provide free tutoring to elementary school children grades 2-5, from low-income families who are performing below grade level.
- Volunteers are overseen by FLI's staff which includes several professional educators and a social worker.
- Each FLI student works with one volunteer-trained tutor for the entire school year. This **one-to-one student-to-tutor** program is the key to our success.
- Our primary location is on South Industrial Dr. in Ann Arbor, with after school outreach programs at Erickson, Dicken, and Lakewood Schools in Ann Arbor, and at Parkridge Community Center in Ypsilanti.

“Having my child at FLI means their future will be secure - FLI Parent.”
